

THE BLUE BRICK

Heavy Metal is a relaxing knit once you get going; **welted fabric that alternates between Stockinette and Reverse Stockinette is given structure by the slipped stitches that result in a 3D texture. The ability to work until you run out of yarn makes this a great choice for gradient yarns.**

Sample shown:

The Blue Brick Manitoulin Merino Sparkle in the July pop-up colour “Heavy Metal”.

Heavy Metal

You will need:

- 500-750 yards of The Blue Brick yarn in any of our fingering weight blends.
- 4mm, 24” circular needles
- Tapestry needle for weaving in ends.

Size:

Adjustable

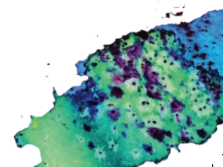

Gauge:

26 stitches = 4 inches in Stockinette. Gauge is not critical but may affect yardage.
